## **GAMSAT® Chemistry Preparation Checklist**

- In addition to these Chemistry topics, there is also a level of maths required. Expect to see equations, make approximations and apply a level of pattern recognition.
- Start practising your application of this knowledge with GAMSAT®-Style MCQs to build up your ability to apply theories and ideas to individualised problems
- Build up your own MCQ Strategy to help you speed through the section
- Make self-reflections to assess your strengths and weaknesses and make adjustments with future study plans
- Build up the habit to answer MCQs under exam conditions (i.e. put yourself under time pressure)

# Don't Miss out on our Free Medical School Admissions Webinar!

Cover the Admissions Milestones with Current Med Students

Confused by the Medical Schools Admission Process? Want tips from a Current Medical Student on the Admissions Milestones and Criteria?

Here at GradReady we're running a free Medical School Admissions Webinar which will provide students with a breakdown of the changes and key milestones.

This webinar will cover the admission process of medical schools in 5 states: VIC, NSW, QLD, WA & SA.

We'll also cover portfolios in all these webinars with advice for UNDS, UNDF, UOW & MQ.

This webinar will highlight the admissions milestones and the GEMSAS admissions process (including details on preferencing) and canvass the various admissions criteria for graduate medical schools across Australia. You'll have the opportunity to ask all your burning questions about the long year ahead.
