

Job Description

Our Mission

GradReady is a technology company that builds Adaptive Learning software to help students learn more efficiently and effectively.

Having experienced the drawbacks of a one-size-fits-all learning model, we discovered a need for tools that would help to create a tailored learning experience through adapting material according to student experiences and responses to tasks. We hope for students to become collaborators in their education instead of passive information receptors, allowing them to be more engaged in learning.

We also realised that, through building GradReady, management style with the same customised approach - allowing employees to work remotely and plan around their lifestyle and studies - dramatically increased productivity and employee satisfaction.

We were established in 2010 by medical students at the University of Melbourne, and now operate in VIC, NSW, WA, QLD, SA and ACT.

Job description:

1. Practice creative and analytical thinking through writing original UCAT style questions. Illustrator help provided if needed.
2. Contribute to a range of UCAT preparation materials including but not limited to textbooks, videos, & learning modules.
3. Provide feedback and insight into the development of an overall UCAT preparation philosophy and course.

You will be asked to develop content and write questions for one or more of the following:

- Verbal Reasoning
- Decision Making
- Quantitative Reasoning
- Abstract Reasoning
- Situational Judgement

Remuneration:

1. \$30 per hour + superannuation for all content development tasks.

Expected Time Commitment:

Anywhere between 10-20 hours per week depending on your capacity and performance. Work will be conducted remotely online.

Application Procedure:

Please submit your application through:

http://gradready.com.au/job_application_forms/available_positions
